Climate/Parent Survey Results:

Results of a 2013/2014 School Climate Survey indicate that parents are seen as active, integral participants in our school activities, that the school is safe, that the school offers a high-quality education, that our facilities are excellent, and that the students have access to a variety of resources to help them learn.

Goal 5 – School Safety and Environment

Schools and communities must provide an environment that is drug free and protects the health, safety, and civil rights of everyone in the school.

School Environment Safety: The most recent full-year school-level data on reported incidents is available at the Florida School Indicators Report website at <http://www.fldoe.org/eias/eiaspubs/fsir.asp>

School Evaluation for Unsafe School Choice Option

No Florida public school was identified as persistently dangerous for the 2013/2014 school year.

Goal 6 – Teachers and Staff

Schools, districts, and the state ensure that teachers and staff are professionally qualified.
