## PROGRAM INFORMATION

This year marks our 14<sup>th</sup> year of Extended Day at PVPV/Rawlings. Each year the program grows and changes to meet our students' needs and interests.

The Extended Day Staff are dedicated and experienced Group Leaders along with certified Teachers from our school's instructional staff. Group Leaders greet your children after school, provide afternoon snack, and discuss the school day. The program provides an afternoon full of fun and enriching activities. Participating PVPV/Rawlings Teachers enhance the program and support students with learning.

Our program includes exciting opportunities for students such as: daily exercise, computer time for AR Reading and IXLMath, homework, sports, arts and crafts and much more. Students are given every opportunity to reach all of their goals and we have added some of our own incentives to recognize their achievements.

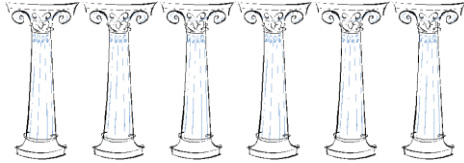

Hosting the after school care within our own facility offers the advantage of continuous use of our learning environments. Students rotate through various locations for their activities and have access to the media center and computer labs daily.

Physical fitness is important too! We utilize the school's playgrounds and play equipment. The outdoor areas such as the fields in front of the Rawlings building, the physical fitness trail, the blue court play area on the Rawlings playground and the basketball courts, soccer field and newly added volleyball court provide a variety of spaces that students can enjoy playing basketball, dodgeball, kickball, jump rope, and more. The children are also enjoying a new on-line site called "Go Noodle" which incorporates exercise and movement.

## **CHARACTER ALWAYS COUNTS!**

**especially in the Extended Day Program.** We recognize our students for making good choices and doing the right thing through the Kids of Character Program.
