Stronger Youth. Beyond the Game.

Introduce your child to the beautiful game of soccer in a creative, age appropriate, non-competitive setting.

Classes taught by coaches who are passionate about working with children and about soccer.

If your child does not attend extended day you must fill out the non-extended day registration form and pay the \$25 fee. This should be made out directly to PV/PV Rawlings and sent directly to the extended day coordinator. This form is available on their website under Enrichment Camps.

Partners & Memberships

The Children's Soccer Experience, Ages 2-12

"We help each other by working together."

Ask your child:
What are some ways you can work
together while playing soccer?

Confidence
Fun
Character
Teamwork
Coordination
Imagination

We have not only seen his skill level grow but also his confidence and social skills. He is a very shy kid but Soccer Shots has helped to really come out of his shell through the encouragement he received from coaches and the cheering from his teammates. He has learned how to handle himself and be a good sport even when he doesn't make the shot, how to keep trying and practicing something that is harder to do, and how to encourage his teammates too. We are truly thankful for the experiences we have had with Soccer Shots and the difference they have made in our boy.

- Teri D. (local Jacksonville parent)

North Florida's Most Popular Non-Competitive Youth Program
Age Appropriate Skills, Games, & Fun. Serving hundreds of families each year.
