

Your Child's
Exciting
Musical Journey
Starts *Here*

Our Youth Symphony program is at your school this year for 4th- 5th graders! Our instructors work with the young musicians in groups each week for 1 hour in the Extended Day Enrichment programs. We teach them Music Technique, Theory & Performance. At the end of the school year, students from all schools perform a large Concert together.

Our Instructors are highly-educated and experienced teachers who have undergone rigorous background screenings and training. Each weekly rehearsal day is determined by your school. The rehearsal is held immediately after school. The cost for each rehearsal is \$20 and is billed monthly. The exact monthly cost will be based on your child's school calendar and the number of available rehearsals.
